Join the Circle – Porter’s Senior Circle

VALPARAISO – Porter is offering everyone age 50 and better the opportunity to join the Circle – the Senior Circle.

The national program, which boasts more than 61,000 members, has its own chapter based at Porter health system

Chock full of programs, classes and activities, Porter’s Senior Circle Advisor Karen says the Porter chapter offers all that – and more.

“Senior Circle is all about health and wellness. But, it is so much more. We offer education, activities and weekly fitness programs. We tailor activities at our chapter to meet the needs our members,” Martine says. “Members of Senior Circle have opportunities to travel and take advantage of discounts on prescription medicines at local, participating pharmacies.”

In addition to the prescription drug benefit, Senior Circle members enjoy national benefits on vision care, travel, home emergency response and others. There are even more bonuses for Senior Circle members close to home. Senior Circle members receive discounts from local merchants and those who are admitted to Porter or who visit a Porter Emergency Department receive HealthPerks.

For more information or to find out how you can join the Senior Circle chapter at Porter, call Karen Martine at 263.5087.
